TS Carpet & Design Center

2010

Who we are says a lot about how we do business. We believe in making a long term relationship with each and everyone of our clients. It is not about getting the order today - it is about being able to work with you for years to come on any of your flooring, drapery, and home design needs.

To do this we build trust by helping match your needs and budget with the products that are right for you. Come experience the difference.
